To whom it may concern,

Western Heights Primary School has used Shadepro for all of our shade requirements over the past 9 years.

We are absolutely convinced that Shadepro provide the best service matched with the most reasonable prices, Bay of Plenty wide.

Peter is a great bloke to work with and his employees are also great people to deal with.

We have used Shadepro for five separate projects. Every project has met our expectations and if any problems serviced Peter was more than willing to return to ensure we were satisfied with the quality of his team's workmanship.

Due to extreme weather last year we had two sails damaged very badly. Shadepro again had the best quality replacement product matched with the best quote.

Peter is running a fantastic company that is based around honesty, commitment and a desire to present the very best product.

Peter or his crew regularly pop in during the year to see how things are going and to find out whether we require any maintenance work done. This type of service is not often seen in the business world today.

I would not hesitate to recommend Shadepro to anyone requiring shade protection. I believe they are the top providers in their field.

Keep up the great work
